

SOLD

48/14-26 Markeri Street, Mermaid Beach

This is the most surprising 1 Bedroom apartment we have seen all year. Totally private and well-proportioned to feel completely like a 'home', you will enjoy all the perks of resort living with NONE of the impact of noise or neighbours. This has to be the best location within the complex to feel like you have your own space and tropical outlook - glimpses to Mt Warning even. Step outside and you have Pool, Tennis Court and of course, Mermaid Beach and all its delights right at your finger-tips.

Turtle Bay is unique in that it offers complete flexibility. This particular apartment is owner occupied ? and you can easily see why. But the complex equally suits the investor as it is a permanent letting only resort with resort style living. Perhaps your next Airbnb...
